GROUND TREATMENT PREPARATION INSTRUCTIONS

Dear Valued Customer:

Thank you very much for deciding upon Aloha Termite and Pest Control to ground treat your house. We are very concerned about complying with labels, performing quality work, safety and protecting your home. In order to accomplish this, we need your help in preparing the interior and exterior before we proceed with the ground treatment.

BUILDINGS WITH SLAB FLOORS AND/OR HOLLOW TILE WALLS ON FOOTINGS:

_____ Remove all items within 3 feet of walls around the exterior perimeter. This also applies to plants.

_____ Buildings with hollow tile wall construction need to have interior perimeter walls cleared of furniture and other items 3 feet away.

_____ Closet floors adjacent to bathrooms must be cleared.

_____ All interior construction joints must be exposed. This also applies to some interior garage walls.

_____ Carpets over interior construction joints must be removed in order to treat these joints. Carpet replacement should be done by a professional carpet company.

_____ False bottoms under kitchen and bathroom sinks must be cleared of items.

BULDINGS WITH POSTED (FOOTING BLOCKS), HOLLOW TILE AND STONEWALL FOUNDATIONS:

_____ Access to crawl space is a must.

_____ Clear all scrap lumber and loose items from crawl space.

_____ All footing blocks must be exposed and cleared of items.

_____ Hollow tile and stonewall foundations (interior and exterior) must be cleared of items and plants

Your customer consultant will discuss with you further instructions and preparations necessary prior to treatment. Please secure all delicate, fragile and valuable items prior to treatment.

I hereby acknowledge receipt of Aloha Termite and Pest Control's ground treatment preparation instructions and agree to prepare the premises in accordance with the instructions provided to me. I further agree to and understand that there will be a \$250.00 charge if Aloha Termite and Pest Control employees find these preparations undone and work is extended, postponed or cancelled.
